I would say in this moment... I have the honor to be one of the lucky delegates who have attended this distinguished course with a great Professor Crawford, and I would say that beside his great amount knowledge about of a lot of subject in the and besides his academic skills, he has a great personality. Both contribute to making the delegate comfortable in dealing with him and I haven’t prepared very well to say something to him, but I think you have to deal with him in order to see how good, I think and best among others in his field. I would like to thank him during the whole days that we are together and thank you so much for all the inputs you provide. Thanks so much.

Preserving our International Reputation and Standing

As an Institution of Higher Education and Training, we have made concentrated effort to achieve and maintain our reputation, over the years. Our UK Government's Recognition and our International Standing have made us the envy of most private training establishments. We have had numerous requests from some to validate their courses, granting our Certificate - Postgraduate; Postgraduate Certificate; Diploma - Postgraduate; and Postgraduate Diploma to their students and delegates.

Learning Experience, Equipment and Teaching Material

As a University Professor and Tutor in our Institute, I have found, over the years, that Practical and illustrative Materials, in the form of Industrial Visits and Demonstrations, Role Play, Role Simulations, Video Case Studies, Video Demonstrations, Explanations and Documentaries are a boost to learning and reinforcement. This factor is supported by renowned Learning and Developmental Psychologists. Delegates, over the years, have given most positive comments about the value that they have derived from the learning experiences that they gained through these exposures. One of the most prominent unsolicited comments, in this regard, came from Mr. Faisal M. Kaballo, Training and Development Coordinator of Qatar Fuel Additive Co Ltd., following the attendance of the Head of Human Resource, to one of our courses:

"Halim has reached Doha and resumed duty. He enjoyed very much the "One to One" course that you offered him. That was so generous of you. The amount of information he grasped and the way it was presented, he says, was professionally of the top. That was an experience he would joyfully talk about for quite sometime.

"Many many thanks & best regards."

Video comments from some of our past delegates, and actual lectures in progress, might be viewed on our YouTube channel, at: https://www.youtube.com/user/HRODCPGInstitute/videos

Because of the intensive nature of our Programmes and Courses, assessment are largely in-course, adopting differing formats. These assessment formats include, but not limited to, in-class tests, ‘out of class assignments’, and end of course summative examinations. Based on these assessments, successful candidates will be Awarded the Postgraduate Diploma or Diploma – Postgraduate – as appropriate. In the highly unlikely event that candidates are unsuccessful in the cumulative assessment and any resultant resits, Delegates and Students will be Awarded a Certificate of Attendance and Participation in their respective field of study.

### Diploma – Postgraduate Short Course, and Postgraduate Diploma Programme Regulation

### Postgraduate Diploma and Diploma – Postgraduate: Their Distinction, Credit Value and Award Title

Postgraduate Short Courses of a minimum of five days’ duration, are referred to as Diploma – Postgraduate. This means that they are postgraduate credits, towards a Postgraduate Diploma. A Postgraduate Diploma represents a Programme of Study, leading to an Award bearing that title prefix. We, therefore, refer to our short-studies as ‘Courses’, while the ‘longer-studies’, are regarded as Programmes. However, both study-durations are often referred to as ‘Courses’. Another mark of distinction, in this regard, is that participants in a short-course are referred to as ‘Delegates’, as opposed to the term ‘Students’, which is confined to those studying a Postgraduate Programme.
Courses are of varying Credit-Values; some being Single-Credit, Double-Credit, Triple-Credit, Quad-Credit, 5-Credit, etc. These credits, therefore, accumulate to a Postgraduate Diploma. As is explained, later, in this document, a Postgraduate Diploma is awarded to students and delegates who have achieved the minimum of 360 Credit Hours, within the required level of attainment.

Delegates studying courses of 5-9 days’ duration, equivalent to 30-54 Credit-Hours (Direct Lecturer Contact), will, on successful assessment, receive the Diploma – Postgraduate Award. This represents a single credit at Postgraduate Level. While 6-day and 7-day courses also lead to a Diploma – Postgraduate, they accumulate 36 and 42 Credit Hours, respectively.

### Postgraduate Diploma and Diploma – Postgraduate Assessment Requirement

Because of the intensive nature of our courses and programmes, assessment will largely be in-course, adopting differing formats. These assessment formats include, but not limited to, in-class tests, assignments, end of course examinations. Based on these assessments, successful candidates will receive the Diploma – Postgraduate, or Postgraduate Diploma, as appropriate.

In the case of Diploma – Postgraduate, a minimum of 70% overall pass is expected. In order to receive the Award of Postgraduate Diploma, candidates must have accumulated at least the required minimum ‘credit-hours’, with a pass (of 70% and above) in at least 70% of the courses taken.

Delegates and students who fail to achieve the requirement for Postgraduate Diploma, or Diploma – Postgraduate – will be given support for 2 re-submissions for each course. Those delegates who fail to achieve the assessment requirement for the Postgraduate Diploma or Diploma – Postgraduate – on 2 resubmissions, or those who elect not to receive them, will be awarded the Certificate of Attendance and Participation.
Diploma – Postgraduate and Postgraduate Diploma
Application Requirements

Applicants for Diploma – Postgraduate – and Postgraduate Diploma are required to submit the following documents:

- Completed Postgraduate Application Form, including a passport sized picture affixed to the form;
- A copy of Issue and Photo (bio data) page of the applicant’s current valid passport or copy of his or her Photo-embedded National Identity Card;
- Copies of credentials mentioned in the application form.

Admission and Enrolment Procedure

- On receipt of all the above documents we will assess applicants’ suitability for the Course or Programme for which they have applied;
- If they are accepted on their chosen Course or Programme, they will be notified accordingly and sent Admission Letters and Invoices;
- One week after the receipt of an applicant’s payment or official payment notification, the relevant Course or Programme Tutor will contact him or her, by e-mail or telephone, welcoming him or her to HRODC Postgraduate Training Institute;
- Those intending to study in a foreign country, and require a Visa, will be sent the necessary immigration documentation, to support their application;
- Applicants will be notified of the dates, location and venue of enrolment and orientation, where appropriate.
Modes of Study for Postgraduate Diploma Courses

There are three delivery formats for Postgraduate Diploma Courses, as follows:

1. Intensive Full-time (Classroom-Based) Mode (3 months). This duration is based on six hours' lecturer-contact per day, five days (30 hours) per week;

2. Full-time (Classroom-Based) Mode (6 months). This duration is based on two and a half days' lecturer-contact, equivalent to fifteen hours, per week;

3. Video-Enhanced On-Line Mode. This mode is achieved in twenty (20) weeks, based on three hours per day, six days per week.

Whichever study mode is selected, the aggregate of 360 Credit Hours must be achieved.

Introducing Our Video-Enhanced Online Study Mode

In a move away from the traditional online courses and embracing recent developments in technology-mediated distance education, HRODC Postgraduate Training Institute has introduced a Video-Enhanced Online delivery. This Online mode of delivery is revolutionary and, at the time of writing, is unique to HRODC Postgraduate Training Institute.

You are taught as individuals, on a one-to-one or one-to-small-group basis. You see the tutor face-to-face, for the duration of your course. You will interact with the tutor, ask and address questions; sit examinations in the presence of the tutor. It is as real as any face-to-face lecture and seminar can be. Choose from a wide range of Diploma – Postgraduate Courses and approximately 60 Specialist Postgraduate Diploma Programmes. Accumulate short courses, over a 6-year period, towards a Postgraduate Diploma.
Key Features of Our Online Study: Video-Enhanced Online Mode

- The tutor meets the group and presents the course, via Video, in a similar way to its classroom-based counterpart;
- All participants are able to see, and interact with, each other, and with the tutor;
- They watch and discuss the various video cases and demonstrations that form an integral part of our delivery methodology;
- Their assessment is structured in the same way as it is done in a classroom setting;
- The Video-Enhanced Online mode of training usually starts on the 1st of each month, with the cut-off date being the 20th of each month, for inclusion the following month;
- Its duration is twice as long as its classroom-based counterpart. For example, a 5-day (30 Credit Hours) classroom-based course will last 10 days, in Video-Enhanced Online mode. This calculation is based on 3 hours tuition per day, adhering to the Institute’s required 30 Credit-Hours;
- The cost of the Video-Enhanced Online mode is 67% of the classroom-based course;
- For example, a 5-day classroom-based course, which costs Five Thousand Pounds, is only Three Thousand Three Hundred and Fifty Pounds (£3,350.00) in Video-Enhanced Online Mode.

20-Week Video-Enhanced Online Postgraduate Diploma

You might study an Online Postgraduate Diploma Course, in 20 weeks, in the comfort of your homes, through HRODC Postgraduate Training Institute’s Video-Enhanced Online Delivery. We will deliver the 360 hours ‘Direct-Lecturer-Contact’, as is required by our Institute’s Regulation, within the stipulated 20 weeks. We aim to fit the tuition around your work and leisure, thereby enhancing your effective ‘Life-Style Balance’, at times convenient to you and your appointed tutor.
Cumulative Postgraduate Diploma Courses

All short courses can accumulate to the required number of hours, for the Postgraduate Diploma, over a six-year period from the first registration and applies to both general and specialist groupings. In this regard, it is important to note that short courses vary in length, the minimum being 5 days (Diploma – Postgraduate) – equivalent to 30 Credit Hours, representing one credit, as is tabulated below.

On this basis, the definitive calculation on the Award requirement is based on the number of hours studied (aggregate credit-value), rather than merely the number of credits achieved. This approach is particularly useful when a student or delegate studies a mixture of courses of different credit-values.

For those delegates choosing the accumulative route, it is advisable that at least two credits be attempted per year. This will ensure that the required number of credit hours for the Postgraduate diploma is achieved within the six-year time frame.
